

Common nouns are the general names for people, places, objects or animals.

Proper nouns are different as name specific places /landmarks people or characters (e.g Benji the dog). They should always start with a capital letter. Months of the year, days of the week, some events/festivals and brand company names are also considered proper nouns.

Can you sort these cards in to two sets of proper and common nouns? (The proper nouns have deliberately been spelt with lower case letters to make this task trickier).
